#### **publisher description**

this new book is a compilation of actual cases submitted by social workers and faculty teaching social work courses the authors robert rivas and grafton hull selected cases that would best help students acquire the range of skills theyll need to become effective helpers such as how to apply what they learn and how to determine what to do to offer the client maximum help this case study approach enables students to participate in learning experiences prior to field instruction courses and it also provides opportunities to discuss common experiences published in workbook form each case includes helpful guidelines in the form of questions that can be used to help students in their analyses and learning

the use of case studies to build and test theories in political science and the other social sciences has increased in recent years many scholars have argued that the social sciences rely too heavily on quantitative research and formal models and have attempted to develop and refine rigorous methods for using case studies this text presents a comprehensive analysis of research methods using case studies and examines the place of case studies in social science methodology it argues that case studies statistical methods and formal models are complementary rather than competitive the book explains how to design case study research that will produce results useful to policymakers and emphasizes the importance of developing policy relevant theories it offers three major contributions to case study methodology an emphasis on the importance of within case analysis a detailed discussion of process tracing and development of the concept of typological theories case studies and theory development in the social sciences will be particularly useful to graduate students and scholars in social science

methodology and the philosophy of science as well as to those designing new research projects and will contribute greatly to the broader debate about scientific methods

this book is a compilation of real cases submitted by social workers and faculty teaching social work courses the cases help students understand how clients issues and agencies interact as well as see how that understanding connects with the actual doing of generalist social work practice the cases reflect a broad range of courses in the social work curriculum and the most current cswe standards

the case study anthology the latest from bestselling author robert yin introduces readers to the world of case study research it contains 19 carefully chosen and well edited works some of which represent excerpts from all time classic case studies in sociology political science and related disciplines this anthology will help readers to understand how case study research has been conducted including the current state of the art and how they might conduct their own case studies

this four volume major work collates and contextualises key papers on the use of case study in education the collection brings together methodological publications and publications which provide exemplars of case study the methodological material provides both critical analyses of case study and those which champion its use offering at the same time a chronological map of the development of case study from its earliest uses to today framed by an introductory passage in each volume which seeks to provide a synopsis of the methodological discussion and a commentary on the exemplary material this set provides for serious students in education original source material to appraise the method together with exemplary sample material to help them plan and organize their case studies volume one methodological issues around the use of case studies in social science volume two methodological issues around the use of case studies in education volume three the case study in practice general issues and specific examples volume four examples of case studies in education

since the end of world war ii social science research has become increasingly quantitative in nature a

case for the case study provides a rationale for an alternative to quantitative research the close investigation of single instances of social

case studies in physical education revised edition applies the case study method to the field of physical education where it is an effective means for future teachers to explore challenging scenarios that they are likely to encounter in their careers these engaging reader friendly case studies provide readers with concrete suggestions for connecting classroom theory with what actually happens in school theories and concepts concerning educational philosophy methodology curriculum discipline and assessment become more meaningful when explored in a case scenario in which the central characters confront situations that develop as a consequence of their or others pedagogical choices the cases in this book also promote critical thinking and problem solving skills each case is followed by questions that prompt readers to analyze the situation formulate a plan of action to address the problem and anticipate and evaluate the potential consequences of the plan s implementation in small groups individually or as a whole class readers can explore and debate their strategies for addressing the issues readers will learn there is no one right answer to situations that can occur in the education environment they will develop their communication skills as they learn to articulate and defend a plan of action to address the situation and they will also learn the importance of collaborating with colleagues as they listen to and learn from the ideas of others these cases were prepared by 36 experienced physical educators from the elementary secondary and university levels who collaborated in teams to create cases based on their collective real life experiences as a result the cases take place in a variety of contexts in elementary middle and high schools in urban suburban rural schools and in wealthy and needy districts they present a variety of issues encountered in schools today including issues related to teaching methods classroom management multicultural education classroom assessment inclusion relations with co workers marginalization of physical education and gender equity as in real life each case raises a number of related issues that stimulate further discussion or provide opportunities for assignments this revised edition contains the same proven effective case studies as in the first edition while incorporating minor updating throughout to reflect changes in technology

and society since its original publication
