seminar paper from the year 2012 in the subject sociology consumption and advertising grade 1 3 european business school london regent s college course mkt6a7 consumer behaviour language english abstract this report examines consumer behaviour in the context of the purchase of a smoothie produced by market leader innocent drinks based on a hybrid segmentation approach the company is targeting a group amenable to the consumption of health foods in terms of preferences and resources benefitting from a strong position in the children s as well as in the adults smoothie sector innocent build on their first mover advantage by maintaining an original brand image characterised by friendliness and approachability through utilisation of marketing mix elements pricing strategies and communications mix are tailored to the target segment innocent successfully compete on differentiation focussing on product quality and sustainable business practice it is however suggested that they publicise their csr initiatives on a broader scale and target children more directly for their kid s smoothie

romania stands at the crossroads of europe asia and the middle east since 1990 when the country experienced the bloodiest revolution of all of the warsaw pact members romania has gone through withering change while the formal transition from a totalitarian communist state was completed in 2007 with romania s accession into the european union the adaptation of the nation s people and business climate to a market based economy is a daily occurrence in the 2000 s in the lead up to eu accession romania was one of the largest recipients of foreign direct investment in the world while multinational corporations poured in hundreds of billions of dollars there was also a restructuring of the way business was conducted western systems of management and organization foreign to most romanian academics and business people almost overnight transformed the way the marketplace was perceived romania s entrepreneurs were quick to adapt to the new ways leveraging new opportunities in the environment fortunes were made multinationals also burgeoned in romania companies like microsoft general electric timken kraft p g renault and dozens of others

successfully took advantage of the possibilities created by a relatively well educated population that was moving into the middle class for the most part however researchers and scholars were caught off guard by the quickening pace of business change in romania only until very recently has the academic community at large been able to wade through the murkiness and begin to see what the new landscape looks like it is the purpose of this edited volume which includes the work of some of romania s finest business scholars to provide even greater clarity to the current and future scene moreover the experience in romania helps shed light on the dynamics of economic and business transition throughout eastern europe the middle east and other emerging regions with implications for practice policymaking and research

master s thesis from the year 2013 in the subject business economics offline marketing and online marketing grade 64 6 university of lincoln pg business school course mba language english abstract in the last few decades the internet has been a powerful tool the advent of internet has removed major industry barriers and made shopping much more easily the development of internet from last 5 years has significantly increased the web users which are due high speed data transmission and other technology developments have created an advantage for the firms to promote themselves more significantly in the current era of internet customers use internet for varied purpose and activities searching information about products services companies product features and prices availability of the product selection of products placing order and paying them online ensuring a smooth transmission of the complete process according to the ucla centre for communication policy online shopping has become the third popular internet activity which further followed up by e mails and web browsing many researches have indicated that the internet shopping particularly in b2c has risen and online shopping become more popular to many people according to the emerging digital economy report in some companies the weight of e commerce sales is high dell computer reached 18million sales through internet this advent of internet has made the marketers to realise that the consumer behaviour transformation is unavoidable and thus they have to change their marketing strategy

in the next few years it is expected that most businesses will have transitioned to the use of electronic commerce technologies namely e commerce this acceleration in the acceptance of e commerce not only changes the face of business and retail but also has introduced new adaptive business models the experience of consumers in online shopping and the popularity of the digital marketplace have changed the way businesses must meet the needs of consumers to stay relevant businesses must develop new techniques and strategies to remain competitive in a changing commercial atmosphere the way in which e commerce is being implemented the business models that have been developed and the applications including the benefits and challenges to e commerce must be discussed to understand modern business the research anthology on e

commerce adoption models and applications for modern business discusses the best practices latest strategies and newest methods for implementing and using e commerce in modern businesses this includes not only a view of how business models have changed and what business models have emerged but also provides a focus on how consumers have changed in terms of their needs their online behavior and their use of e commerce services topics including e business e services mobile commerce usability models website development brand management and marketing and online shopping will be explored in detail this book is ideally intended for business managers e commerce managers marketers advertisers brand managers executives it consultants practitioners researchers academicians and students interested in how e commerce is impacting modern business models

essay from the year 2007 in the subject hotel industry catering grade b university of derby 24 entries in the bibliography language english abstract this article reviews the literature relating to consumer behaviour in foodservice and investigates the decision making process of hospitality customers the study generally offers an increased understanding of the complexity of customer s decisions and how much hedonism behind these decisions is this paper considers the connection between consumer behaviour decision making and marketing it also demonstrates how marketers appeal to hedonistic characteristics of individuals to sell their goods and services the paper shows that people make decisions not only to satisfy a need the decisions are more and more influenced by lifestyle identity and status keywords like hedonism and irrationality need to be considered because they appear more and more in sense of consumer behaviour

important marketing and industrial psychology concepts are applied to southern african business scenarios in this overview of consumer behavior case studies applications and research findings illustrate market characteristics of consumer motivation attitudes and loyalty information is presented on creating market value for the consumer by using smart marketing strategies that consider the role of family based decision making organizational buying behavior and relationship based buying
